## PROPERTY PARTITION

**W. A. WHITING APPOINTED COMMISSIONER OF COURT**

Kapukini Spendthrift Case in Supreme Court Again -- Judgment By Default in Chinese Lawsuit.

Judge Robinson heard the bill for partition of Harriet Bailey and others vs. Elizabeth M. Cushingham and others. He granted the prayer of the petition as amended and appointed W. A. Whiting commissioner with instructions to report within twenty days the feasibility of the partition in kind, or, in the event that partition in kind cannot be had, the sale of the property. The property includes the corner of King and Bethel streets, for many years occupied by a Chinese planing mill and cigar stand.

The Supreme Court has heard the petition for rehearing of the guardianship of Kalua Kapukini, the appeal from Honolulu District Court of Lewers & Cooke vs. J. W. Redhouse and S. Ahmi vs. W. H. Cornwell Jr.

Judgment by default has been entered by Judge Lear for plaintiffs in the suit of C. K. Al et al., doing business as the Chin Shau Well Co., vs. Y. Aoy et al., copartners under the name of Kwong Chong Wai Co. It is for \$1152.22 damages and \$29.63 costs.

## PURSER BEMISS' TRUNK

San Francisco, June 1.—Customs Inspector John Peppin yesterday unearthed on the America Maru a rich hoard of contraband goods, the property of L. E. Bemiss, the white purser on the Japanese liner. Some of the goods were discovered in the mail room, the balance in Bemiss' trunk. The purser confessed to the ownership and Inspector Peppin took charge of the goods, which in variety and quality pay mute tribute to the shrewdness of the purser's trading instinct. The seizure is considered the most important reason that it is unusual for the purser of a big passenger liner to be implicated in anything so serious as smuggling. Peppin is proud of the seizure, which he has listed as follows: One silk handkerchief case, one claspless vase, twelve silk doilies, one silk center piece, one ivory paper cutter, one silk pin cushion, 525 cigars and two bolts of silk. The silk was found in Bemiss' trunk. A taborette was also seized, but of this the purser disclaims ownership.

## SEEKING COLONISTS FOR OREGON AND WASHINGTON

Chicago, May 31.—The management of the Harriman lines has just perfected details of the largest colonization plan ever attempted by the railroads in the West. Traffic Director J. C. Stubbs today announced the organization of a colonization bureau and the appointment of G. M. McKinney to be general colonization agent, in charge of the bureau, with headquarters in Chicago.

McKinney started for Portland, Or., today with a view of getting in touch with the general situation, and on his return to Chicago plans will be perfected which the Harriman people believe will place 100,000 colonists in Oregon and Washington within the next two years. The sum of \$100,000 has been appropriated to carry on the work, which will be on a scale hitherto unattempted. It is the purpose to appoint colonizing agents in all Eastern and Middle West centers and to draw largely from the population of the Eastern States.

## Austria and Hungary Facing a Crisis

Vienna, June 1.—Well informed persons here say that while the speech made in the upper Reichsrath by the Austrian premier, Dr. von Koerber, in which the speaker intimated that much as Austria desired to maintain its friendship with Hungary, there were certain latent concerns in which it was impossible for Austria to go, it was not intended to be aggressive toward Hungary. Nevertheless there is no doubt that a serious crisis exists, and that everything depends upon the tact of Emperor Francis Joseph, whose intervention has become inevitable. It is expected that His Majesty will support Dr. von Koerber's position.

## DEAD HEAT TO STAND

**DECISION REACHED BY JOCKEY CLUB TODAY**

Names of Weller and Del Vista Will Both Appear on Rosita Challenge Cup With Time Made.

A meeting of the Hawaiian Jockey Club was held in the Collins harness shop, King street, this morning, to settle the various matters that came up during the progress of the races at Kapukini Park yesterday.

The most important point was the decision reached that the Rosita challenge cup race which was declared a dead heat by the judges yesterday that there will be no second race to decide the matter on Monday next, as had been announced yesterday.

It was voted to allow the race to stand as a dead heat and to permit both horses to take the record of 1:42.5, both names to be engraved on the cup, with the time made.

It might be said, in passing, that Del Vista and Weller will be present at the races in Hilo on the fourth of July and that they will then try conclusions again.

It had been suggested that, should the Del Vista-Weller race be pulled off on Monday next, other events would also be arranged so that there would be a regular program. However, this morning's action stopped all such arrangements.

The cups were not presented this morning as was stated in the Advertiser. Secretary Clarence Crabbe, to whom so much is due for the success of yesterday's events, stated this morning that the winners could have the cups at any time they might see fit to call for them.

Nothing was said at this forenoon's meeting about the bets made yesterday on the dead-heat race. It is taken for granted that the usual unwritten rules will be followed.

## MILLIONAIRE'S PLAN FOR CONSUMPTIVES

Denver, May 31.—Lawrence C. Phipps, the millionaire steel manufacturer, left tonight for Pittsburgh. Before going he announced that he had purchased 160 acres of land near Mont Clair, a suburb of Denver, on which he proposes to establish a sanitarium for consumptives on the Trudeau cottage system. It will be established in memory of his mother and called the Agnes Phipps Memorial Hospital. He paid \$25,000 for the land and will spend a much larger amount in improvements.

## CALIFORNIA TO GET EGYPTIAN DISCOVERIES

Berkeley, May 31.—Recent news has come from Dr. George A. Reisner, director of the Phebe Hearst archaeological expedition in Egypt for the benefit of the University of California, of the discovery of a great quantity of valuable material in the tombs of Giza, on the river Nile. This will be immediately forwarded to Leland Stanford Junior University, which is an important adjunct to the new department of archaeology and anthropology recently established by an endowment of Mrs. Hearst.

## TO IRRIGATE A LARGE BEET-GROWING AREA

Monterey, May 31.—The final survey for one of the largest irrigation canals in the State is being conducted, and the work of construction will, it is understood, begin as soon as the task is completed. The proposed canal will run through the southern portion of Monterey county, from Soledad, Spence and Chualar to the Spreckels Sugar Company's large holdings east of Salinas. The canal will furnish water for irrigating over forty miles of beet-growing country on either side of the ditch. The water for the system will be obtained from the Arroyo slough and the damming of this creek will cost about \$500,000.

## WEEDAY BESTS AGNEW

IN A TEN-ROUND GO AT THE OPERA HOUSE

Frank Turk Acts As Referee--Preliminary Bout, Wrestling Matches, and Fencing On Program.

A good sized audience was in attendance last night at the athletic exhibition of the Honolulu Athletic Club given in the Opera House. All the sports in town were there.

The carpets had all been taken up for the occasion and, on the stage, the regulation size ring was roped off for the boxing contests. Two tables were set at the left for the newspaper men.

A young man who never misses a boxing match when there is one to be seen, was called to the stage to act as master of ceremonies.

The first event of the evening was a four-round go between Latham and De Lisle, the latter a Camp McKinley soldier. Latham was the slower fighter but he succeeded in getting in some clever work. De Lisle was the quicker and more expert and fought a clean fight right through.

Next came a Japanese wrestling match between Hamai-san, a big man, and Koshigawa, a small man. After the usual ceremonious preliminaries, the big man threw the small man, amidst a lot of squealing and clapping of hands. Then came a throw for the little man and it was all over.

The second bout was much better. Wakamino and Akirata, two large and finely built Japanese, gave an exhibition of wrestling that drew forth rounds of applause. Each man scored a throw.

John Moore and Prof. Le Beuf, did a stunt with the foils. The former is a pupil of Le Beuf. His work was much more stupendous, lunging and gyrating from one side to the other. The tried professor just stood in one place and only moved his wrist.

Harry Bennett of Chicago and Jack Thomas of Camp McKinley, put up a match of four rounds that was decidedly the best thing of the evening. Thomas is a good fighter and has not been beaten in his class in the city but he met his equal and, in some respects, his superior, in the ring last night.

There was one round of a match between Alex. Harris, colored, and Harry Patterson, white. One round was enough and the master of ceremonies took the word of the contestants for the remainder.

This was the last of the preliminary bouts and then came the event of the evening, the ten-round match between Lon Agnew and Jack Weeday. Frank Turk was agreed on by both the men as a fit referee. Agnew went into the ring weighing only 149 pounds while Weeday tipped the scales for 157 1/2.

The first two or three rounds showed advantage neither one way or the other. Then Weeday, having got his second wind, went at Agnew hammer and tongs and had the best of the fight throughout the remainder of the bout. Agnew was plainly losing his strength as the rounds progressed and, in the eighth, ninth and tenth rounds, Weeday had everything his own way.

The contestants having agreed that, should both men be on their feet at the end of the tenth round the fight should be declared a draw, such a decision was given by the referee.

## WAIANAACELEBRATION

(Continued from page 1.)  
Little brown men pulled over their countrymen, the time of the pull being 2 hours, 12 minutes and 50 4-5 seconds. After the pulls foot races, sack races and various other sports were indulged in. A splendid luncheon finishing up the entertainment.

## HONGKONG'S FAST TRIP.

The Hongkong Maru arrived in port last night at 8 o'clock after remarkably fast trip of eight days and twenty-three hours from Yokohama to this port. During the trip the bark Ceylon was sighted about 500 miles from Honolulu. Nothing, however, was seen of the wreck of the Fannie Kern.

Among the passengers are Lieutenant Commander F. H. Holmes, U. S. N., who, with Mrs. Holmes, is returning to his home in Monterey. Among the rest are the members of the Sutton Opera Company, which will be seen at the Orpheum on Saturday, and a number of globe-trotters.
